

Ausstellung / Exhibition in Kolding (DK)

02.12.2018 - 17.03.2019

The Koldinghus Museum presents a duo exhibition with nearly 100 works in silver by two of Denmark's leading and most productive and individualistic silversmiths, Yuki Ferdinandsen and Carsten From Andersen

Yuki Ferdinandsen and Carsten From Andersen have each refined their signature technique, using the hammer to shape the surface of their objects, which exist in the borderland between functional hollowware and sculptural works of art.
