

As the new Hammerclub site is built on [WordPress](#), basic knowledge on blogging or [working with WordPress](#) or any CMS system is needed. If you're confident with reading only, you can enjoy this website just like any other visitor. But if you want to take advantage of the more advanced options like publishing your own posts/articles/recommendations, or would like to comment on others' posts, you have to register first:

Registration is crucial and made available on request only, restricted to members and friends of the Hammerclub. Ask for your personal registration by mail: [admin\[at\]hammerclub.eu](mailto:admin@hammerclub.eu)

As a registered user you may comment on posts and articles, which is quite easy by using the field below each article. Also, you may comment on someone else's comment - use the reply option next to the comment instead of the overall comment function.
