

[Nutida Svenskt Silver](#) is a members association consisting of 28 goldsmiths and silversmiths working in different types of materials and techniques, with the processes of gold- and silversmithing at heart. All members create unique jewelry and items in limited editions, manufactured in their own workshops. The Swedish silversmiths will participate in the Stockholm Craft Week. Based on the Corona bubble over the past year, Contemporary Swedish Silversmiths have created the theme TIME Capsules for their exhibition at Stockholm Craft Week.

30.09.2021 - 03.10.2021 [Stockholm Craft Week](#), Stockholm (SE).
