

The Swedish silversmith Olle Olls has a solo exhibition at Montan Gallery in Copenhagen. The exhibition shows Olls' ability to develop his knowledge and love of the material and takes this a step further. His raw vases and bowls are both powerful and vulnerable to the expression and testify to an emotional flow that is forged.

07.11.2019 - 30.11.2019 [Galleri Montan, København \(DK\)](#)
